FOR IMMEDIATE RELEASE

GoRide Community Link offers expanded free bus service in Nampa/Caldwell during summer break

CALDWELL – Looking for a cost-effective way to get you and/or your kids around Nampa and Caldwell during the school summer break? GoRide Community Link bus service provides expanded free transportation services on its two bus routes.

The routes, GoRide Community Link Nampa and GoRide Community Link Caldwell, operate Monday through Friday. The buses provide service to various stops within both cities and the Caldwell YMCA. Both routes connect directly to several ValleyRide bus routes.

School buses from Brown Bus Company and Caldwell Transportation Company provide the service. The buses can be identified by the orange GoRide decals. Each bus normally makes one afternoon trip a day when school is in session (except on holidays). During the summer, each route makes three trips a day – in the early morning, noon, and late afternoon. Both routes will return to the one-trip-a day schedule in late August. There are no age restrictions to ride the bus.

GoRide Community Link is a mobility project managed by Valley Regional Transit. The service is the result of a partnership between Valley Regional Transit, Brown Bus Company in Nampa, Caldwell Transportation Company, and the Caldwell YMCA.

To learn more about the service, including downloadable bus schedules, and other transportation options to the Caldwell YMCA, visit valleyride.org (the brochure can be found at <http://valleyride.com/docs/YMCABrochure.pdf>). You can also call RideLine customer service at 345-RIDE (7433).
